

# WOMEN BUILD 2025

**Girls Play House, Women Build Them.**

## WHAT IS WOMEN BUILD?

Women Build is a powerful, female-led initiative rallying local women to make a life-changing impact—raising vital funds to build a safe, stable Habitat home for a single mother and her family. Every dollar raised helps bring them closer to homeownership, and participants who meet their fundraising goal also earn the unforgettable experience of working alongside our Tampa Habitat team to help build the home they made possible!

Beyond building a home, Women Build raises awareness of the critical need for affordable housing and how it creates strength, stability, and self-reliance for families through shelter. Together, we can make the dream of homeownership a reality!

## HOW DO I GET INVOLVED?

Register using the QR code and join us at our April Kickoff to start your fundraising journey. **Each participant is tasked with a \$600 fundraising goal** in which they may achieve on their own or join a team and combine their efforts to meet their goals. Participants have until June 1st to meet their goals.

Upon meeting your **FUNdraising** goals, participants may schedule a volunteer day on the Women Build between the months of June - September and receive their Women Build Tool Kit! Includes purple hard hat, sparkly hammer, WB T-shirt, and safety glasses.

## BENEFITS

### 1. Commitment to Community

Taking action is the best course for those who wish to influence their community in a positive way. Tampa Bay is in dire need of affordable housing, and you could be part of the solution

### 2. Inspire Change

When one woman takes a stand, the rest may follow. Our community of Women Builders are more than just philanthropists, they are community leaders.

### 3. A Lasting Impact

By providing a Hand UP, not a handout, you are supporting women-led families in their journey to creating a healthy, stable life for them and their family.
